

# Eco-Schools Action Plan

Date Action Plan was developed: January 2020

Action Plan developed by: HGS Eco-Schools committee

Eco-Schools Topic	Aim	Action(s)	Duration & Responsibility	Monitoring	Evaluation
Energy	To reduce the school's electricity, use by encouraging appliances to be switched off when not in use.	Survey existing energy use through an audit and meetings with Site manager. Share findings and raise awareness of savings through assemblies, campaigning and publicity. Monitor change in energy usage.	Spring -Summer Term 2020 Led by: Jake Sandland, Matthew MacDermott and Hugo Sladdin.	Audits/surveys carried out at the start and end of the project.	Analysis of change in use and student/staff survey to gauge changes in habits.
Healthy Eating	To increase the offer of healthy food options in school, including vegetarian/vegan options.	Meet with catering staff to find out current provision and future plans e.g. Meat Free Mondays. Use a questionnaire to assess current staff/student opinion and awareness. Liaise with catering team to plan campaign and trial new options.	Spring -Summer Term 2020 Led by: Miranda Newton	Use questionnaires to gauge initial situation. Monitor changes in choices made by working with catering staff.	Staff/student survey at the end of the year plus interviews with catering staff and a selection of students.
Waste	To reduce the amount of single-use plastic consumed in school with a focus on disposable water bottles.	Meet with catering staff and Site manager to explore current consumption and number/position of water fountains. Conduct a survey of staff/students to find out current habits and use of water bottles. Use assembly/campaigning to raise awareness and encourage shift to reusable bottles. Liaise with site over position of water fountains.	Spring-summer term 202 Led by: Matthew Warren, Lucy Bowman, Agatha Mitton-Stanbury and Ryan Lam-Decker	Analyse survey results to see current use and inform campaign. Liaise with catering team to monitor change in consumption over the period.	Analyse change in use and reflect on impact of campaign.
