

PHOTOGRAPHY

SUBJECT: PHOTOGRAPHY

The secret to success in Photography:

- Form a positive relationship with your teacher, be effective at communicating
- Keep up to date with weekly deadlines
- Practice using your camera, take photos whenever possible
- Look at things with a photographer's eye
- Learn about all the composition rules and how to apply them
- Learn how to use your camera so that you can paint with light
- Push your creativity
- Learn to direct people, talk to people and take yourself out of your comfort zone
- Follow all the tips provided by your teacher on how to annotate your work
- Produce work in one or more areas e.g. portraiture, location and studio, experimental imagery, installation, documentary, photo-journalism, moving image, fashion
- Use a variety of skills and techniques e.g. lighting, viewpoint, aperture, depth of field, shutter speed and movement.
- Use different materials and media e.g. film, photographic papers, digital media, graphic media for storyboarding, planning and constructing shoots

Ideas

- Use keywords and terminology when carrying out further research – search carefully
- You should acknowledge and identify sources which are not your own, e.g. copy and paste website hyperlinks. Include these within your portfolio to declare and acknowledge what has been sourced and not written by you.
- Use websites inspired by photographers. There are so many websites to choose from, we would recommend initially looking at:
 - <https://www.nationalgeographic.com/>
 - <https://thephotographersgallery.org.uk/>
