Revision Tips

Learning is a change in our long-term memory.

We know when we have learnt something when we can remember or recall something without even thinking about it or when we can do something without thinking about it.

Revision means to 'see again'. Revisiting key knowledge and skills moves them into our long-term memory.

Create the right conditions

- Tidy desk
- Quiet space
- Distraction free

Select the right strategies

A lot of research has been done recently on the most effective study strategies. The ones on the left maximise the chances of transferring knowledge into our long-term memory. They are highly effective. However, they require effort and feel hard. They are best done in shorter burst with breaks in between.

The ones on the right are likely to be chosen by students as they feel busy when they do them and feel reassured. These strategies require little effort so little knowledge transfers to the long-term memory.

- | | |
|----------------------|--|
| ✓ Quizzing | ✗ Reading information in a guide, notes or a website |
| ✓ Brain 'dump' | ✗ Watching a video clip |
| ✓ Self-explanation | ✗ Copying out information or diagrams |
| ✓ Practice questions | ✗ Highlighting a guide or notes |

Self-quizzing

Students can use their notes and key materials from lessons to self-quiz. This strategy makes use of **retrieval**. The process works in four steps:

Step one: students read the key information (e.g. notes on power in Macbeth)

Step two: students conceal the information.

Step three: students write down everything they can remember (if using a page of Cornell notes, they can use the questions they have written as cues).

Step four: students look back over the key information to see how well they remembered it. This is the most important stage as it is where they evaluate their learning. They should use a different colour pen to fill in any gaps which become their focus for the next revision session.

This self-quizzing process can be done in pairs with students questioning each other or with you questioning them.

Many subjects provide students with ready-made quizzes.

Brain Dump

Brain-dump and then look for gaps

Re-visit information that you could not remember

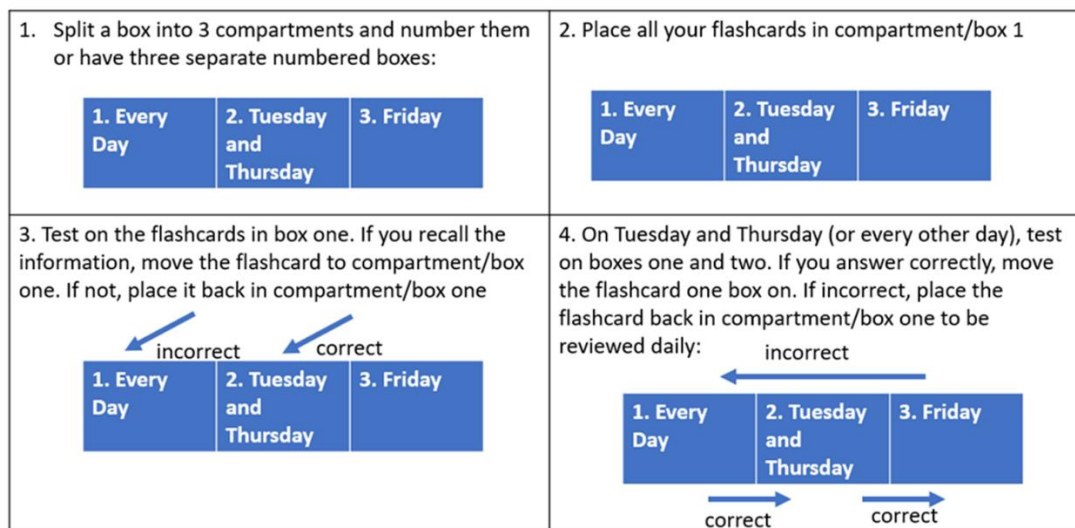

After each topic, close the book and write down a summary of what you have studied.

Check back to see if you missed anything important. Add it to your summary in a different colour.

Create a flash card or quiz questions to use later.

Using Flashcards

The Leitner method is a way of self-quizzing with flashcards where you move the cards to different compartments depending on whether the knowledge was recalled correctly or not.

Self-Explanation

Once the basic knowledge is secure you can practice self-explanation to deepen your understanding and help prepare for exams by answering 'how' and 'why' questions.

Below are some sentence stems that can be used to practice this:

- What doesmean?
- Tell me about.....
- What is.....?
- Why didhappen?
- What causes.....?
- What is the difference between.....?
- How do you calculate/find/work out the.....?

Explaining to another person or partner, as though teaching something, is effective too.

Practice questions

The strategies above are mainly about revising and remembering key knowledge but, at some stage its important to practice answering exam questions. A revision session, therefore, should start with some brain dumping and/or self-quizzing but then use this knowledge recap to write sentences, paragraphs or full answers.

This is where the focus is on thinking carefully about crafting, incorporating key vocabulary and knowledge into writing, in subjects like English, History and R.S. or on selecting knowledge from different parts of the course to solve problems or reach decisions, for example in Science or Geography.

The temptation is to practice answering exam questions too early in the revision processes, before key knowledge has been learnt (secured in long term memory). This is likely to be less effective.

ART

ART

SUBJECT: ART

The secret to success in Art

- Form a positive working relationship with your teacher, be effective at communicating
- Keep up to date with deadlines
- Practice drawing whenever possible
- Learn about the formal elements and how to communicate with them
- Be courageous and push your creativity
- Be resilient developing skills takes time
- Follow all the tips provided by your teacher
- Annotate your work and focus upon drawing
- Use a variety of art techniques e.g. mark-making, monoprint, collagraph, block printing, assemblage, construction, carving, film and video, digital working methods
- Use a variety of media and materials e.g. charcoal, pastels, pen and ink, crayons, pencils, watercolour, gouache, acrylic, oil paint, found materials, clay, wood, metal, digital imagery, different papers and surfaces

What exams will I take in the Summer Term?

1 x 10 hour exam which will take place on Thursday 24 April and Friday 25 April

Exam Board: AQA

Support in school:

Drop-in revision session – Monday to Thursday lunchtimes in D10

Drop in revision session – Wednesday and Thursday in D10

Week 1: w/c 24 February 2025

You MUST do	✓	RAG
Take your own photos linking to your ideas, collect secondary images and edit images so that you are able to record and develop your ideas in response to artist 3. This may take the form of drawings, paintings, mixed media studies from your own photos and collected images using techniques, materials, colour palettes etc that link to your artist.		
Focus on skills and refinement of your work.		
Annotate everything to explain your ideas.		

You SHOULD do	✓	RAG
Edit your own photos and collected images using apps such as pics art, sketchbook and photoshop.		

You COULD do	✓	RAG
Create some speed sketches from your own photos and additional studies from your edits/own photo experimenting with composition, media, technique and/or colour.		

Week 2: w/c 3 March 2025

You MUST do	✓	RAG
Create quick and detailed studies from your own photos and collected images in your choice of media, consider the types of things you may want to include in your final piece and visually explore them using a range of media and techniques.		

You SHOULD do	✓	RAG
Experiment with a wide range of techniques such as drawing, painting, printmaking and mixed media.		
Document the process of your drawings through photographs and annotations showing the process of your work.		

You COULD do	✓	RAG
Create observational drawings from direct observational drawings of people, places or objects that link with your ideas.		

Week 3: w/c 10 March 2025

You MUST do	✓	RAG
Create a full evaluation of your work so far.		
Begin refining your ideas, focusing upon favourite images, ideas, materials and techniques.		
Develop at least 4 composition ideas for your final piece. Through annotation explain how everything links to your artists and previous recording and development of ideas.		

You SHOULD do	✓	RAG
Develop >4 compositions using a range of methods such as sketches, collages, digital layouts and layers. Develop a number of these by experimenting with colour and technique in depth. Through thumbnail images show how your artists and own photos link.		

You COULD do	✓	RAG
Develop your preferred composition by experimenting with colour ways and then changing mark making and techniques through notes and annotations.		

Week 4: w/c 17 March 2025

You MUST do	✓	RAG
Select your favourite idea for your final outcome and begin developing these ideas further.		
Create detailed studies and alternative approaches for colour, media and techniques.		

You SHOULD do	✓	RAG
Create detailed sections of selected compositions by refining your use of materials, marks, applications of materials and colour.		
More experiments and development lead to higher marks.		

You COULD do	✓	RAG
Create a full review of your compositions highlighting strengths and areas for further development through notes and annotations.		

Week 5: w/c 24 March 2025

You MUST do	✓	RAG
Complete a mini version of your final idea. Plan your approach. Time yourself, so you can establish a good scale for your work, so you know what is achievable in 10 hours.		
Consider backgrounds/layers and how you will time plan your piece.		
This is an opportunity for you to experiment with everything to ensure your idea will work.		

You SHOULD do	✓	RAG
Try alternative ideas. Time yourself with different techniques and methods to establish the most effective approach and what is possible within the 10 hours.		

You COULD do	✓	RAG
Document everything with thorough annotation.		
Complete a daily exam plan or even hour by hour time plan based on your development work.		

Week 6: w/c 31 March 2025

You MUST do	✓	RAG
Make the final adjustments and plans for your 10 hour exam.		
Ensure you are fully prepared with backgrounds, materials, equipment that you may need and make any final adjustments/improvements to your prep work.		

You SHOULD do	✓	RAG
Have your background created and outline drawn out.		

You COULD do	✓	RAG
Have all resources ready for your 10 hour exam and leave in the room the night before or arrive early on the exam day to set up.		

Week 7 and 8: w/c 7 and 14 April 2025 – EASTER BREAK

Detail here any Easter revision sessions you are attending

Day	Time	Subject	In school or Online

You MUST do	✓	RAG
Refine your prep work ready for the exam.		
Get everything ready for your exam.		

You SHOULD do	✓	RAG
Check your background is created and your outline is drawn.		

Week 9: w/c 21 April 2025

EXAM WEEK: Thursday 24 April and Friday 25 April

Remember your sketchbook work/prep work, these MUST be submitted at the START of your 10 hour exam.

Hand in 8.45am on Thursday 24 April.

Create a mind-map – then use this to help answers the past paper or Educake questions.		
Create flashcards on key ideas and ask friends/family to test you.		

You COULD do	✓	RAG
Create a quizlet on this topic		
Review videos on Rates topic from Freescience lessons on YouTube		

Week 3: w/c 10 March 2025

Homeostasis- Nervous system

You MUST do	✓	RAG
Review the topic on BBC Bitesize or seneca		
Set and complete educake quiz on the topic		
Review the Required Practical for this topic		

You SHOULD do	✓	RAG
Access and select relevant past paper questions from Physics and Maths tutor Human Nervous System QP- AQA Biology GCSE		
Create a mind-map – then use this to help answers the past paper or Educake questions.		
Create flashcards on key ideas and ask friends/family to test you.		

You COULD do	✓	RAG
Create a Quizlet on this topic		
Review videos on Nervous Responses topic from Freescience lessons on YouTube		

Week 4: w/c 17 March 2025

Controlling Body Temperature, Glucose

You MUST do	✓	RAG
Review the topic on BBC Bitesize or seneca		
Set and complete Educake quiz on the topic		
Triple look at controlling body temp, glucose and water		

You SHOULD do	✓	RAG
Access and select relevant past paper questions from Physics and Maths tutor Hormonal Coordination in Humans QP- AQA Biology GCSE		
Create a mind-map – then use this to help answers the past paper or Educake questions.		
Create flashcards on key ideas and ask friends/family to test you.		

You COULD do	✓	RAG
Create a Quizlet on this topic		
Write your own question based on the topic then answer it next time you revise that topic.		

Week 5: w/c 24 March 2025

Cell Biology

You MUST do	✓	RAG
Review the topic on BBC Bitesize or seneca		
Set and complete Educake quiz on the topic		
Review diagrams of cells		
Triple Review Plant hormones		

You SHOULD do	✓	RAG
Access and select relevant past paper questions from Physics and Maths tutor AQA GCSE Biology Topic 1: Cell Biology Revision - PMT		
Create a mind-map – then use this to help answers the past paper or Educake questions.		
Create flashcards on key ideas and ask friends/family to test you.		

You COULD do	✓	RAG
Create a Quizlet on this topic		
Review videos on atomic structure and periodic table topics from Freescience lessons on YouTube		

Week 6: w/c 31 March 2025

Bioenergetics

You MUST do	✓	RAG
Review the topic on BBC Bitesize or seneca		
Set and complete Educake quiz on the topic		
Triple focus on monoclonal antibodies how made and uses		

You SHOULD do	✓	RAG
Access and select relevant past paper questions from Physics and Maths tutor AQA GCSE Biology Topic 3: Infection and Response Revision - PMT		
Create a mind-map – then use this to help answers the past paper or Educake questions.		
Create flashcards on key ideas and ask friends/family to test you.		

You COULD do	✓	RAG
Create a quizlet on this topic		
Review videos on reactivity of acids, metals and electrolysis topics from Freescience lessons on YouTube		

Week 7: w/c 7 April 2025 – EASTER BREAK week 1

Paper 2

Detail here any Easter revision sessions you are attending

Day	Time	Subject	In school or Online

You MUST do	✓	RAG
Review previous revision resources from paper 2 topics		
Complete a full past paper: Triple: Question paper (Higher) : Paper 2 - June 2023 Combined: https://www.aqa.org.uk/subjects/science/gcse/science-8464/assessment-resources		
Note down and review questions you found hard/unable to answer		

You SHOULD do	✓	RAG
Review videos on Freescience lessons on YouTube, making note on topic areas you found hard on past paper.		
Create additional flashcards on key ideas and ask friends/family to test you.		

You COULD do	✓	RAG
Write your own question based on the topic then answer it next time you revise that topic.		

Week 8: w/c 14 April 2025 – EASTER BREAK week 2

Paper 1

Detail here any Easter revision sessions you are attending

Day	Time	Subject	Online

You MUST do	✓	RAG
Review previous revision resources from paper 1 topics		
Complete a full past paper: Triple: AQA Resources Past Papers & AQA Mark Schemes		
Note down and review questions you found hard/unable to answer		

You SHOULD do	✓	RAG
Review videos on Freescience lessons on YouTube, making note on topic areas you found hard on past paper.		
Create additional flashcards on key ideas and ask friends/family to test you.		

You COULD do	✓	RAG
Write your own question based on the topic then answer it next time you revise that topic.		

Week 9: w/c 21 April 2025

Organisation

You MUST do	✓	RAG
Review the topic on BBC Bitesize or seneca		
Set and complete Educake quiz on the topic		
Learn sources examples of cardiovascular diseases		

You SHOULD do	✓	RAG
Access and select relevant past paper questions from Physics and Maths tutor (AQA GCSE Biology Topic 2: Organisation Revision - PMT)		
Create a mind-map – then use this to help answers the past paper or educake questions.		
Create flashcards on key ideas and ask friends/family to test you.		

You COULD do	✓	RAG
Create a quizlet on this topic		
Review videos on Freescience lessons on YouTube		

Week 10: w/c 28 April 2025

Bioenergetics

You MUST do	✓	RAG
Review the topic on BBC Bitesize or seneca		
Set and complete educake quiz on the topic		
Practice drawing and naming organic compounds needed		

You SHOULD do	✓	RAG
Access and select relevant past paper questions from Physics and Maths tutor AQA GCSE Biology Topic 4: Bioenergetics Revision - PMT		
Create a mind-map – then use this to help answers the past paper or Educake questions.		
Create flashcards on key ideas and ask friends/family to test you.		

You COULD do	✓	RAG
Create a quizlet on this topic		
Review videos on reactivity of acids, metals and electrolysis topics from Freescience lessons on YouTube		

Week 11: w/c 5 May 2025

Paper 1 Complete

You MUST do	✓	RAG
Review the topic on BBC Bitesize or seneca		
Set and complete educake quiz on the topic		
Review required practicals for paper 1 all topics		

You SHOULD do	✓	RAG
Access and select relevant past paper questions from Physics and Maths tutor AQA GCSE (9-1) Biology Revision - PMT		
Create a mind-map – then use this to help answers the past paper or educake questions.		
Complete a full Paper 1		

You COULD do	✓	RAG
Create a quizlet on this topic		
Review videos on Freescience lessons on YouTube		

CHEMISTRY

SUBJECT: CHEMISTRY (Combined and Triple)

The secret to success in Chemistry.

- Read the question carefully
- Bring a calculator, ruler and pencil
- Manage your time effectively when answering questions
- Check that you have included a unit
- Learn the prefixes for units.

What exams will I take in the Summer Term?

Exam Board: AQA

Paper Name	Topics	Time of paper
Paper 1 Monday 19 May	Topics 1-5: Atomic structure; Periodic table; Bonding; Quantitative Chemistry; Chemical Changes and Energy Changes.	1h 45m - triple 1h 15m - combined
Paper 2 Friday 13 June	Topics(1-3) 6-10: Rates of reaction; Organic chemistry; Analysis; Atmospheric chemistry and using resources.	1h 45m - triple 1h 15m - combined

Support in school:

Drop in revision session – Tuesday lunchtimes – A16 – all students can attend

Wednesday P6 Revision session – A16 – all students can attend

Science Masterclasses – check for invitations via email

Chemistry Revision – Wednesday Lunchtime A30

Revision resources in your showbie class

Revision Ideas:

- Educake
- BBC Bitesize
- Seneca
- Physicsandmathstutor.co.uk
- Cognito
- Freesciencelessons (YouTube)
- Past papers can be found in your showbie (Revision/Past Papers)

Week 1: w/c 24 February 2025:

Bonding

You MUST do	✓	RAG
Review the topic on BBC Bitesize or Seneca		
Set and complete Educake quiz on the topic		
Complete revision home learning set		

You SHOULD do	✓	RAG
Access and select relevant past paper questions from Physics and Maths tutor (https://www.physicsandmathstutor.com/chemistry-revision/gcse-aqa/bonding-structure-properties-of-matter/)		
Create a mind-map – then use this to help answers the past paper or Educake questions.		
Create flashcards on key ideas and ask friends/family to test you.		

You COULD do	✓	RAG
Create a Quizlet of properties and explanations of properties linked to bonding.		
Write your own question based on the topic then answer it next time you revise that topic.		
Review videos on bonding topic from Freescience lessons on YouTube		

Week 2: w/c 3 March 2025

Rate of reaction

You MUST do	✓	RAG
Review the topic on BBC Bitesize or seneca		
Set and complete educake quiz on the topic		
Review the Required Practicals for this topic		

You SHOULD do	✓	RAG
Access and select relevant past paper questions from Physics and Maths tutor (https://www.physicsandmathstutor.com/chemistry-revision/gcse-aqa/rate-and-extent-of-chemical-change/)		
Create a mind-map – then use this to help answers the past paper or Educake questions.		
Create flashcards on key ideas and ask friends/family to test you.		

You COULD do	✓	RAG
Create a quizlet on this topic		
Review videos on Rates topic from Freescience lessons on YouTube		

Week 3: w/c 10 March 2025

Energy Changes

You MUST do	✓	RAG
Review the topic on BBC Bitesize or seneca		
Set and complete educake quiz on the topic		
Review the Required Practical for this topic		

You SHOULD do	✓	RAG
Access and select relevant past paper questions from Physics and Maths tutor (https://www.physicsandmathstutor.com/chemistry-revision/gcse-aqa/energy-changes/)		
Create a mind-map – then use this to help answers the past paper or Educake questions.		
Create flashcards on key ideas and ask friends/family to test you.		

You COULD do	✓	RAG
Create a Quizlet on this topic		
Review videos on Energy Changes topic from Freescience lessons on YouTube		

Week 4: w/c 17 March 2025

Quantitative Chemistry

You MUST do	✓	RAG
Review the topic on BBC Bitesize or seneca		
Set and complete Educake quiz on the topic		
Write and learn a page of key equations needed		

You SHOULD do	✓	RAG
Access and select relevant past paper questions from Physics and Maths tutor (https://www.physicsandmathstutor.com/chemistry-revision/gcse-aqa/quantitative-chemistry/)		
Create a mind-map – then use this to help answers the past paper or Educake questions.		
Create flashcards on key ideas and ask friends/family to test you.		

You COULD do	✓	RAG
Create a Quizlet on this topic		
Write your own question based on the topic then answer it next time you revise that topic.		
Review videos on Calculations topic from Freescience lessons on YouTube		

Week 5: w/c 24 March 2025

Atomic structure and Periodic table

You MUST do	✓	RAG
Review the topic on BBC Bitesize or seneca		
Set and complete Educake quiz on the topic		
Review diagrams of models of the atom		

You SHOULD do	✓	RAG
Access and select relevant past paper questions from Physics and Maths tutor (https://www.physicsandmathstutor.com/chemistry-revision/gcse-aqa/atomic-structure-and-periodic-table)		
Create a mind-map – then use this to help answers the past paper or Educake questions.		
Create flashcards on key ideas and ask friends/family to test you.		

You COULD do	✓	RAG
Create a Quizlet on this topic		
Review videos on atomic structure and periodic table topics from Freescience lessons on YouTube		

Week 6: w/c 31 March 2025

Chemical Changes

You MUST do	✓	RAG
Review the topic on BBC Bitesize or seneca		
Set and complete Educake quiz on the topic		
Learn formulae of key acids and review and learn acid base reactions		

You SHOULD do	✓	RAG
Access and select relevant past paper questions from Physics and Maths tutor (https://www.physicsandmathstutor.com/chemistry-revision/gcse-aqa/chemical-changes/)		
Create a mind-map – then use this to help answers the past paper or Educake questions.		
Create flashcards on key ideas and ask friends/family to test you.		

You COULD do	✓	RAG
Create a quizlet on this topic		
Review videos on reactivity of acids, metals and electrolysis topics from Freescience lessons on YouTube		

Week 7: w/c 7 April 2025 – EASTER BREAK week 1

Paper 2

Detail here any Easter revision sessions you are attending

Day	Time	Subject	In school or Online

You MUST do	✓	RAG
Review previous revision resources from paper 2 topics		
Complete a full past paper: Triple: https://www.aqa.org.uk/subjects/chemistry/gcse/chemistry-8462/assessment-resources Combined: https://www.aqa.org.uk/subjects/science/gcse/science-8464/assessment-resources		
Note down and review questions you found hard/unable to answer		

You SHOULD do	✓	RAG
Review videos on Freescience lessons on YouTube, making note on topic areas you found hard on past paper.		
Create additional flashcards on key ideas and ask friends/family to test you.		

You COULD do	✓	RAG
Write your own question based on the topic then answer it next time you revise that topic.		

Week 8: w/c 14 April 2025 – EASTER BREAK week 2

Paper 1

Detail here any Easter revision sessions you are attending

Day	Time	Subject	Online

You MUST do	✓	RAG
Review previous revision resources from paper 1 topics		
Complete a full past paper: Triple: https://www.aqa.org.uk/subjects/chemistry/gcse/chemistry-8462/assessment-resources Combined: https://www.aqa.org.uk/subjects/science/gcse/science-8464/assessment-resources

Create additional flashcards on key ideas and ask friends/family to test you.		

You COULD do	✓	RAG
Write your own question based on the topic then answer it next time you revise that topic.		

Week 9: w/c 21 April 2025

Atmospheric Chemistry

You MUST do	✓	RAG
Review the topic on BBC Bitesize or seneca		
Set and complete Educake quiz on the topic		
Learn sources, issues with and prevention of key atmospheric pollutants		

You SHOULD do	✓	RAG
Access and select relevant past paper questions from Physics and Maths tutor (https://www.physicsandmathstutor.com/chemistry-revision/gcse-aqa/chemistry-of-atmosphere/)		
Create a mind-map – then use this to help answers the past paper or educake questions.		
Create flashcards on key ideas and ask friends/family to test you.		

You COULD do	✓	RAG
Create a quizlet on this topic		
Review videos on Freescience lessons on YouTube		

Week 10: w/c 28 April 2025

Organic Chemistry

You MUST do	✓	RAG
Review the topic on BBC Bitesize or seneca		
Set and complete educake quiz on the topic		
Practice drawing and naming organic compounds needed		

You SHOULD do	✓	RAG
Access and select relevant past paper questions from Physics and Maths tutor (https://www.physicsandmathstutor.com/chemistry-revision/gcse-aqa/organic-chemistry/)		
Create a mind-map – then use this to help answers the past paper or Educake questions.		
Create flashcards on key ideas and ask friends/family to test you.		

You COULD do	✓	RAG
Create a quizlet on this topic		
Review videos on reactivity of acids, metals and electrolysis topics from Freescience lessons on YouTube		

Week 11: w/c 5 May 2025

Using resources

You MUST do	✓	RAG
Review the topic on BBC Bitesize or seneca		
Set and complete educake quiz on the topic		
Review required practical		

You SHOULD do	✓	RAG
Access and select relevant past paper questions from Physics and Maths tutor (https://www.physicsandmathstutor.com/chemistry-revision/gcse-aqa/using-resources/)		
Create a mind-map – then use this to help answers the past paper or educake questions.		
Create flashcards on key ideas and ask friends/family to test you.		

You COULD do	✓	RAG

Week 1: w/c 24 February 2025

Space and Equation practise

You MUST do	✓	RAG
Review the topic on BBC Bitesize or seneca		
Set and complete educake quiz on the topic		
Use the formula sheet to practise re-arranging		

You SHOULD do	✓	RAG
Access and select relevant past paper questions from Physics and Maths tutor (https://www.physicsandmathstutor.com/physics-revision/)		
Create a mind-map – then use this to help answers the past paper or educake questions.		

You COULD do	✓	RAG
Create a quizlet of units used in the equations		
Write your own question based on the topic then answer it next time you revise that topic.		

Week 2: w/c 3 March 2025

Waves and Forces

You MUST do	✓	RAG
Review the topic on BBC Bitesize or seneca		
Set and complete educake quiz on the topic		
Review the Required Practical for this topic		

You SHOULD do	✓	RAG
Access and select relevant past paper questions from Physics and Maths tutor (https://www.physicsandmathstutor.com/physics-revision/)		
Create a mind-map – then use this to help answers the past paper or educake questions.		

You COULD do	✓	RAG
Create a quizlet on this topic		
Write your own question based on the topic then answer it next time you revise that topic.		

Week 3: w/c 10 March 2025

Particle Model

You MUST do	✓	RAG
Review the topic on BBC Bitesize or seneca		
Set and complete educake quiz on the topic		
Review the Required Practical for this topic		

You SHOULD do	✓	RAG
Access and select relevant past paper questions from Physics and Maths tutor (https://www.physicsandmathstutor.com/physics-revision/)		
Create a mind-map – then use this to help answers the past paper or educake questions.		

You COULD do	✓	RAG
Create a quizlet on this topic		
Write your own question based on the topic then answer it next time you revise that topic.		

Week 4: w/c 17 March 2025

Electricity and Magnetism

You MUST do	✓	RAG
Review the topic on BBC Bitesize or seneca		
Set and complete educake quiz on the topic		
Review the Required Practical for this topic		

You SHOULD do	✓	RAG
Access and select relevant past paper questions from Physics and Maths tutor (https://www.physicsandmathstutor.com/physics-revision/)		
Create a mind-map – then use this to help answers the past paper or educake questions.		

You COULD do	✓	RAG
Create a quizlet on this topic		
Write your own question based on the topic then answer it next time you revise that topic.		

Week 5: w/c 24 March 2025

Energy

You MUST do	✓	RAG
Review the topic on BBC Bitesize or seneca		
Set and complete educake quiz on the topic		
Use the formula sheet to practise re-arranging		

You SHOULD do	✓	RAG
Access and select relevant past paper questions from Physics and Maths tutor (https://www.physicsandmathstutor.com/physics-revision/)		
Create a mind-map – then use this to help answers the past paper or educake questions.		

You COULD do	✓	RAG
Create a quizlet on this topic		
Write your own question based on the topic then answer it next time you revise that topic.		

Week 6: w/c 31 March 2025

Forces and Interactions

You MUST do	✓	RAG
Review the topic on BBC Bitesize or seneca		
Set and complete educake quiz on the topic		
Use the formula sheet to practise re-arranging		

You SHOULD do	✓	RAG
Access and select relevant past paper questions from Physics and Maths tutor (https://www.physicsandmathstutor.com/physics-revision/)		
Create a mind-map – then use this to help answers the past paper or educake questions.		

You COULD do	✓	RAG
Create a quizlet on this topic		
Write your own question based on the topic then answer it next time you revise that topic.		

Week 7: w/c 7 April 2025 – EASTER BREAK week 1

Atomic Structure

Detail here any Easter revision sessions you are attending

Day	Time	Subject	In school or Online

You MUST do	✓	RAG
Review the topic on BBC Bitesize or seneca		
Set and complete educake quiz on the topic		
Use the formula sheet to practise re-arranging

SPANISH

SUBJECT: SPANISH

The secret to success in Spanish.

What exams will I take in the Summer Term?

Exam Board: AQA

Paper Name	Topics	Time of paper
1 Listening Tuesday 10 June	All	Higher – 45 mins Foundation – 35 mins
2 Speaking W.C. 21 st and 28 th April	All	Higher – 30 mins Foundation – 25 mins
3 Reading Tuesday 10 June	All	Higher – 1 hour Foundation – 45 mins
4 Writing Tuesday 17 June	All	Higher – 1 hour 15 mins Foundation – 1 hour

Support in school:

Wednesday lunchtime	Thursday lunchtime	Friday lunchtime
A20 Higher tier – reading and listening skills	A24 Higher tier – higher grammar and sentence structures	A24 Speaking practice
A21 Foundation tier – basics (vocab and sentence structures) By invitation but speak to your Spanish teacher if you'd also like to attend.		

Revision Ideas:

- Wordwall
- Quizlet
- Marvely.ai (speaking practice)
- BBC Bitesize
- Resources in your yellow exercise book and Showbie (e.g. word a day lists, past lessons etc)
- AQA Past papers can be found in your Showbie folder (Revision resources → Past papers)

Week 1: w/c 24 February 2025 – holidays focus

You MUST do	✓	RAG
Complete the homework your teacher has set this week. This includes preparing a role play and photo card in exam conditions. Set a timer for 12 minutes. After the time is up, look up and note down any vocab you felt you needed/could've used to improve your responses.		
Work on this week's word a day vocab. Once you have learnt the words, try putting them into sentences.		
Opinions and adjectives revision (I like ___ because it is ___). Make a mind map of opinions and adjectives, perhaps also some qualifiers e.g. very / a bit		

You SHOULD do	✓	RAG
Go back and start again on the Year 10 word a day document, weeks 1 to 6		
Choose an old lesson from the holidays topic (Showbie - Year 10 topics) and work your way through this. Note down any tricky vocab as you go.		
Write model answers for 3 speaking questions on the holidays topic.		

You COULD do	✓	RAG
Find an audio file from a year 10 lesson on holidays (see above) and have a go at transcribing and translating it.		
Prepare a few fancy phrases for the holidays topic.		
Complete reading and listening question from the new 'exam style questions' folder in Showbie. Complete assignment named w/c 24 February.		

Week 2: w/c 3 March 2025 – school focus

You MUST do	✓	RAG
Complete the homework your teacher has set this week. This includes preparing a role play and photo card in exam conditions. Set a timer for 12 minutes. After the time is up, look up and note down any vocab you felt you needed/could've used to improve your responses.		
Work on this week's word a day vocab. Once you have learnt the words, try putting them into sentences.
