What we'll cover

1) What support is available?

2) How do you access it?

3) When and how to repay?

4) How to manage your money?

Student Finance England provides financial support to students entering higher education in the UK, on behalf of the UK government.

<https://www.gov.uk/student-finance>

What support can you get?

1
**Tuition fee
loan**

2
**Maintenance
loan**

3
**Additional
support**

Tuition Fee Loans

These don't depend on your household income or circumstances – you'll get whatever the university charges for tuition fees (**up to £9535**).

Your tuition fee loan will be paid **directly to your university** at the start of each term.

Your tuition fee loan is repayable, but only after you've graduated and are earning **over £25,000** per year.

Maintenance Loans

A loan paid directly to the student in 3 instalments across the year, to help with living costs while at university.

Accommodation

Food and drink

Transport

Bills

Entertainment

Mobile phone

Maintenance Loans: how much?

- All eligible students can get some support towards living costs and this is paid into your bank account each term.

- The amount of maintenance loan you can get depends on where you live and study, as well as your household income.

- Maintenance loans have to be paid back but not until you've left university and your income is over **£25,000** a year.

Student budgeting tips

Budgeting tips

Plan a budget before starting university

Consider having two bank accounts (with the same bank) for bills and day to day spending

Consider extra sources of income (part-time work, parental support) before starting university.

Re-apply for student finance for each year you're at university.
